- **Arrival & Setup:** Teams must arrive at least 45 minutes prior to official tasting start time to set up and verify serving temperature.

2. CHILI GUIDELINES & FOOD SAFETY

- **100% Made From Scratch:** All chili must be prepared entirely from raw ingredients at home. Pre-cooked canned chili, commercial chili bases, or restaurant-bought entries are strictly prohibited.

- **Food Safety Temperature:** Chili must be maintained at or above 140°F (60°C) in a slow cooker throughout the event.
- **Garnishes:** Optional toppings (cheese, sour cream, jalapenos, onions, chips) must be kept separate and served only upon attendee request.

3. 100% PEOPLE'S CHOICE VOTING & CASH PRIZES

- **Token Voting:** Attendees receive official voting tokens upon entry. Attendees taste samples and drop tokens directly into your team's station box.
- **No Bribing for Votes:** Teams must win votes on chili merit alone. Offering cash, free gifts, side incentives, or bribes of any kind in exchange for voting tokens is strictly prohibited.
